CROSSBRED BOAR PURCHASED THE 2023 EXCHANGE!

We purchased this mature boar this summer in The Exchange from Hofschulte Genetics. This unique creature has bred quite a few sows around the country and is already on the winning trail. The lineage here is great. In his litter was the 3rd overall gilt at NAILE, and another herd boar. SAY IT's mother came from Carter Schulte. Her mother of the Reserve Grand Barrow at OYE in '21. If you break Say When's pedigree down it looks like this Next Intention X Teen Spirit X Hold My Beer's mother (Win Tex sow from Texas Elite). SAY IT is monster legged, huge backed, good looking and is the right frame size to match up with a wide variety of sows. Very special boar.

UP AND COMING was Dylan's favorite since he saw him in the nursery. He tried very hard to get him to be a barrow so he could take him to state fair but we just couldn't do it. UP AND COMING is a creature from different world. He has barrow proportions, extremely good looking from his blade forward and is as stout as any boar we have seen. TOP SECRET is our off the farm purchase from Doug Stewart (Stewart Durocs). We heard a rumor that Doug had a boar tucked away up there in Waverly and after seeing his other two boars at Expo we knew we had to go check it out. Within 10 seconds of laying eyes on TOP SECRET, Dylan and Aaron both knew he was a must have. TOP SECRET is the type that comes around once in a blue moon, he is extremely tall at the point of his shoulder and his neck ties perfectly into the top side of his blade. He has an immense amount of spread and definition on the top of his skeleton and maintains it all the way back to his pins. When you step right in behind him he wows you with how flexible and correct his hip and hind leg is. The best part about this critter is that he does all of these things on the biggest legs and feet of any red boar in the country. We are extremely excited to have this guy living in Chariton, IA. Special Note: The Dam is also the mother \$12,000 2022 Duroc gilt that won California Ag Youth Expo and the CA state fair. This year TOP SECRET's littermate gilts sold for \$20,000 and \$4500 in Doug's online sale.

HEART STOPPER

DUROC

When Dylan and Aaron saw HEART STOPPER at STC they knew we had to own him. HEART STOPPER is a freak in terms of look from the side and density of skeleton. He has barrow proportions with a barrel rib cage and hip and hind leg that is built for speed. Not only is his hind leg extremely functional but to have that kind of stoutness at the ground with clean joints and big square toes is something that is so hard to do. When HEART STOPPER comes right at you, he is wide and square with huge feet and a giant forearm while still being strong in his pastern set. When you follow him, he is wide pinned and carries that width all the way to the ground while still maintaining squareness and awesome flexibility. Be sure to have a defibrillator when you see him because he is a HEART STOPPER.
